

Ready to Serve When You Are

There's a reason AEV is one of the premier choices among Type II ambulance providers in the U.S., and it starts with our LEAN manufacturing processes. Our team is proud to build on the Ford Transit as a QVM Modifier, a Master Up-Fitter for Sprinter and also offer a Chevy van option. Every ambulance is loaded with value and customizable, high-end features. Dependability and durability are yours with AEV's Type II ambulances.
